KUALA LUMPUR, April 30 -- Kwasa Land Sdn Bhd, the property development arm and a wholly-owned unit of the Employees Provident Fund (EPF), has named Adenan Md Yusof as its managing director, effective May 3, 2021.

In a statement today, Kwasa Land said Adenan would replace Mohamad Hafiz Kassim, who remained on the board of Kwasa Land as head of EPF's real estate investment department.

On the appointment, Adenan said he would continue to contribute towards the development of Kwasa Damansara, a dynamic and forward-thinking green township, under the guidance of Kwasa Land chairman, Datuk Mohammed Azlan Hashim and his team.

"Despite the challenges brought on by the COVID-19 pandemic, we are focused on remaining resilient and striving forward, in close partnership with the local authorities and our development partners, to deliver value and contribute positively to the nation's socio-economic growth," he said.

Meanwhile, Mohammed Azlan, who welcomed the appointment, said Adenan had brought a great mix of real estate development and management, as well as commercial management experience and knowledge to propel Kwasa Damansara to become a green, connected and inclusive township.

According to Kwasa Land, Adenan brings more than 30 years of corporate experience and expertise, having headed key portfolios in both the government and private sectors, with a focus on real estate investments and financial services.
