"Leveraging on his wealth of industry experience and deep knowledge of investments, his leadership will contribute to Kwasa Damansara's efforts to become a leading township – one of liveable, sustainable communities, offering significant economic benefits," said Kwasa Land in a statement.

Mohamad Hafiz will also continue to lead the EPF's real estate investment team.

According to the statement, he has held several leadership roles in the investment division since joining the EPF in 2008, including the private markets and capital markets.

Mohamad Hafiz holds a Bachelor of Science (Economics), majoring in accounting and finance from the London School of Economics and Political Science.

He is also a Fellow of the Association of Chartered Certified Accountants and a CFA charterholder.
